

MAGNETAR

ASSEMBLY

Classic fishing magnets

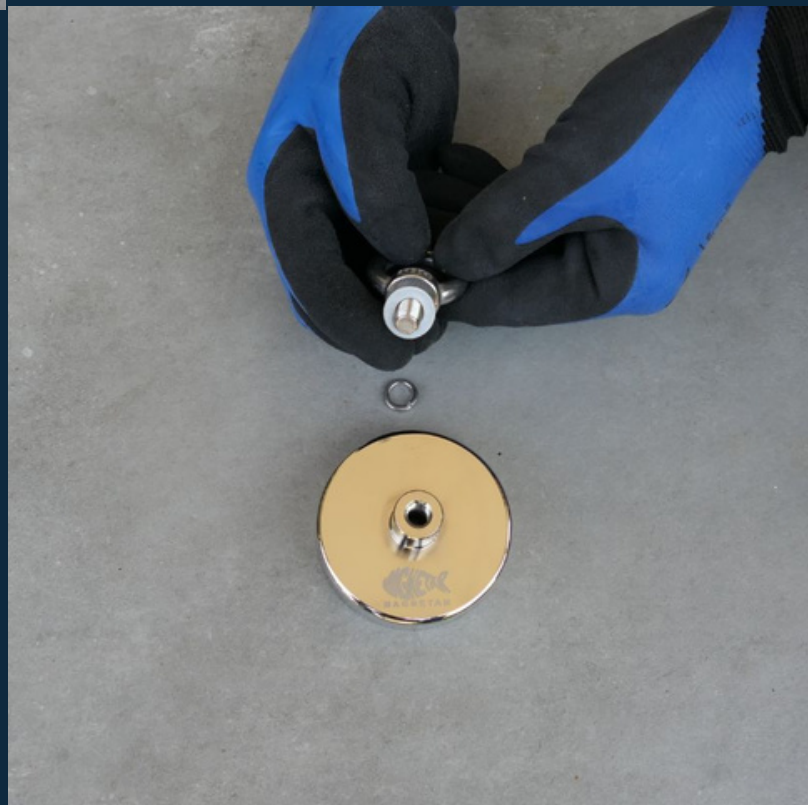

STEP 1

After unboxing, you'll find all these parts: eye bolt, ring, compression fitting, and of course the fishing magnet.

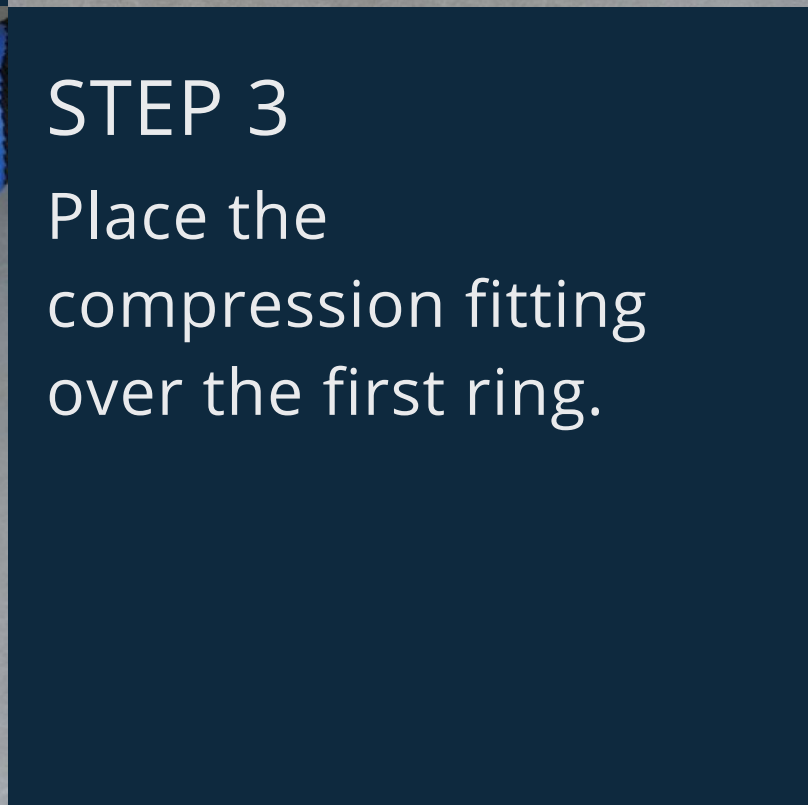

STEP 2

Place the ring on the eye bolt.

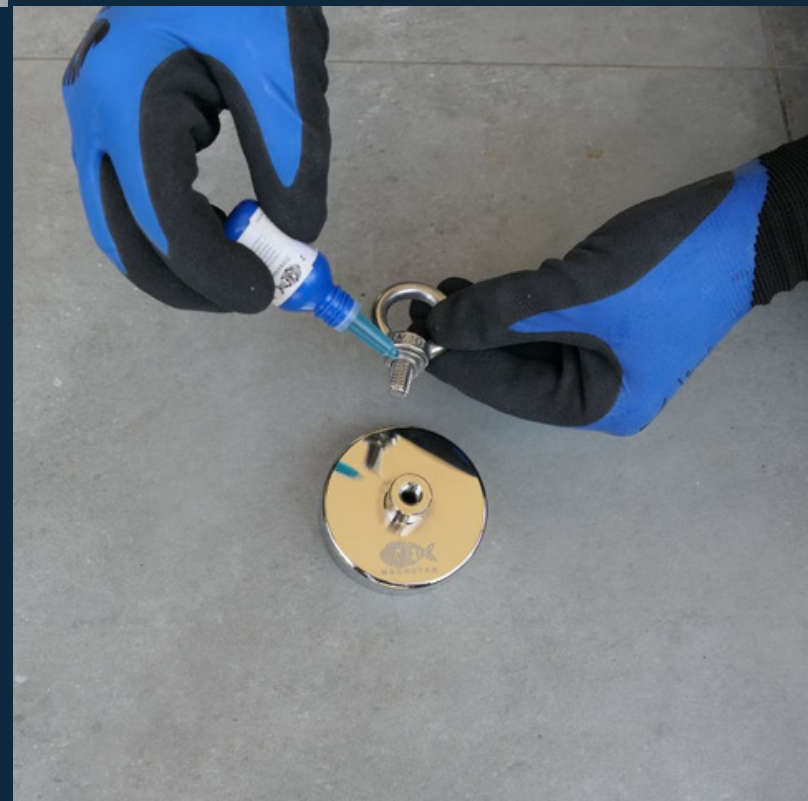

STEP 3

Place the compression fitting over the first ring.

STEP 4

Attach the metal glue. Just a few drips will suffice.

STEP 5

Fix the eye bolt solidly in place without using any tools.

STEP 6

Your Classic fishing magnet is ready for use.

Magnetar wishes you a lot of fun magnet fishing. Did you find any unique objects in the water? Tell us all about it and we might highlight your treasures on our socials!
