

MAGNETAR

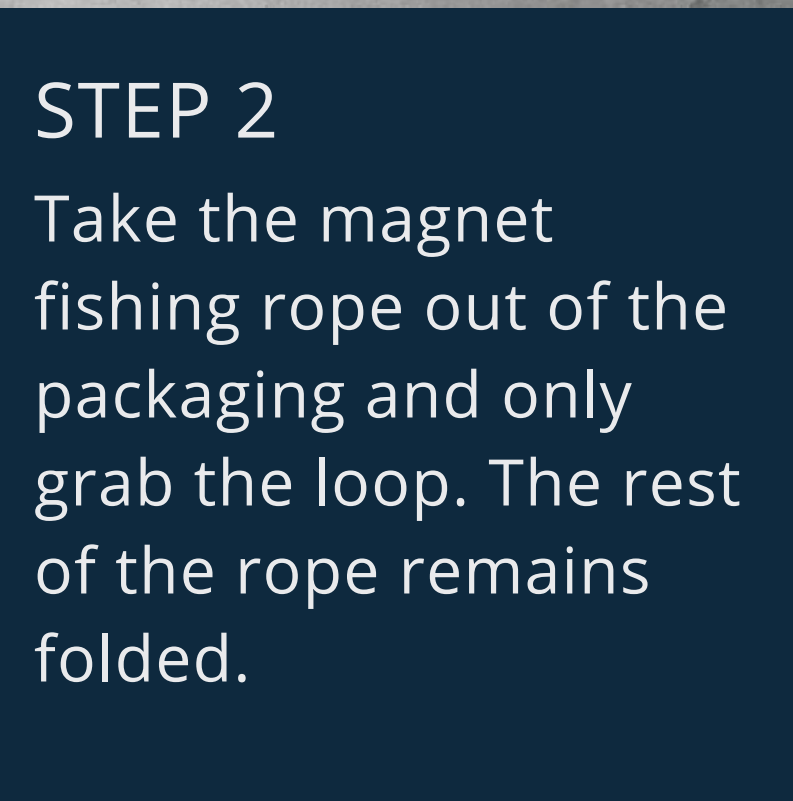

ASSEMBLY

Magnetar magnet fishing rope

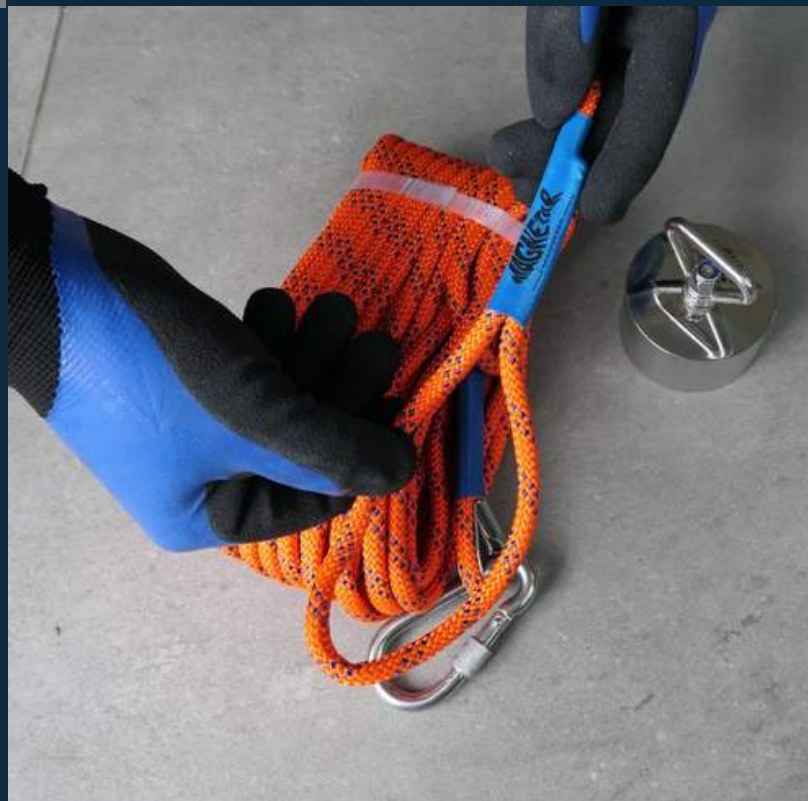

STEP 1

Make sure you have the Magnetar magnet fishing rope and your fishing magnet at hand.

STEP 2

Take the magnet fishing rope out of the packaging and only grab the loop. The rest of the rope remains folded.

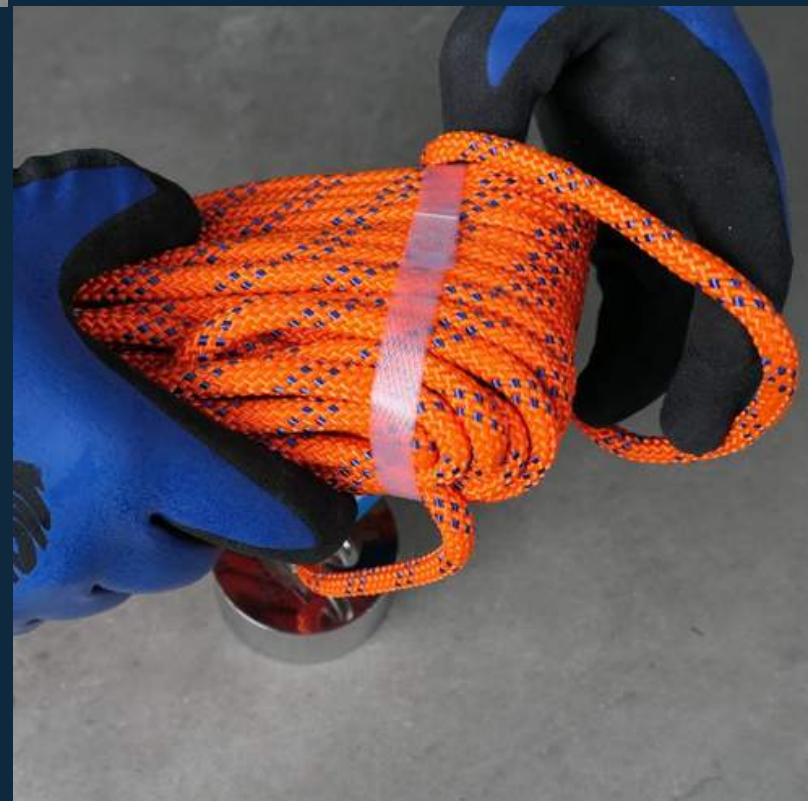

STEP 3

Insert the loop through the eye of the fishing magnet.

STEP 4

Pull the complete rope through the loop.

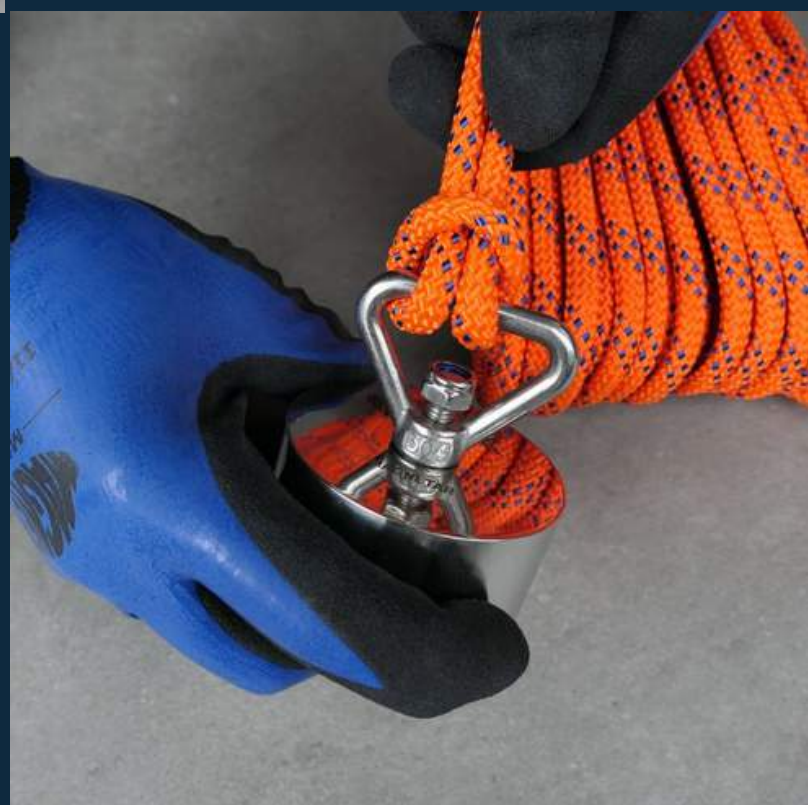

STEP 5

Tighten the loop securely so that it is tight around the eye of the fish magnet.

STEP 6

The end result looks like this. The fishing magnet and the rope are now securely attached to each other.

Magnetar wishes you a lot of fun magnet fishing. Did you find any unique objects in the water? Tell us all about it and we might highlight your treasures on our socials!
